EXPERIENCE

UX/UI Developer , PMaps , Thane

Jul 2023 – Present

PMaps is a product-based company specializing in AI-driven psychological assessment tools for recruitment.

- Developed & optimized multiple internal **Vue.js** modules — improved workforce efficiency by **30%**.
- Built modules such as **Test Library**, **Billing**, **Invite Candidate**, **User Journey** streamlining recruiter workflows.
- Converted problem statements into **interactive UX flows** and production-ready Vue interfaces using Figma.
- Led **redesign** of company website using Webflow — improved UI & boosted engagement by **25%**.
- Completed migration of **Candidate UI** to Quasar and currently improving **performance & maintainability** to scale the product for a global audience.

Web Developer Intern , PMaps , Thane

Dec 2022 – Jul 2023

- Built Test Duration APIs ensuring candidates access assessments within defined windows.
- Developed **cooling period logic** , preventing early retakes — improved assessment integrity.
- Delivered **Figma-driven UI** updates improving usability and reducing user friction.
